

## **CLARENCE RIDE REPORT ROUND ONE 2008**

Our first round for 2008 has come and gone .After a long summer break everyone was keen for some serious racing. What a good weekend we had .We had about 40 riders on Saturday. It was warm and a little dusty especially in the big Evo groups. Thank you to all the flagies who watered the track while we were racing.

Practice day on Saturday saw one of our new members on his first outing (Peter Cawthorne) come off and dislocate his collarbone. We hope all goes well Peter.

Our first round of racing on Sunday saw nearly 70 anxious riders but it ran pretty smooth due to fact that we had enough volunteers to flag, lapscore, run the canteen and BBQ. We tried to adhere to our early time table and scrutineering at one area and it was a great success. We finished racing at a good time about 3.45pm.

A special note to all our fast (older) riders. Last year's juniors, Ryan Schmidt, Daniel Myers and Michael Franco, are now seniors .They are on a mission and that mission is to beat us all. So get ready and start some serious training to get fit for this season.

As usual we would like a BIG THANK YOU to:

- ❖ Maree and Bob our officials for the day
- ❖ Greg and Christine Davidson who ran around like they had energizer batteries willing to help with any chore.
- ❖ To all our long distance die hard travelers
- ❖ To Stewart's wife Fran and his daughter Dannielle for the tremendous effort they put into the canteen. To Kel and Narelle Moore for towing Peter Lovering's trailer when he got a flat on his car and had no spare. Peter left the track early so he could get home as soon as possible but only got home on Monday morning at 11.30am.
- ❖ For all the members who make racing possible.

A warm welcome to our new members & to members who have returned after being out of circulation for a while. Hope you all enjoyed yourselves.

Thank you
